As a recent graduate with proficiency in Java, SQL and HTML, I am eager to apply my technical skills and problem-solving abilities in dynamic IT projects. I am seeking an entry-level position in the IT sector to contribute to innovative solutions through collaborative teamwork and analytical thinking

EDUCATION

2019-2023-Bachelor of Technology (Mechanical Engineering) – SVPP – 8.06(CGPA)
2017-2019-12th Standard - Sri Surya Junior College - 9.69(CGPA)
2016-2017-10th Standard - SVBC-8.7(CGPA)

TECHNICAL SKILLS

Programming Languages: Java, SQL
Database Management: MySQL

PROJECTS

REGENERATIVE BRAKING SYSTEM (ACADEMIC PROJECT)

- Successfully developed and implemented a Regenerative Braking System, contributing to energy efficiency and sustainability.
- Employed Automotive Test System (ATS) for rigorous performance and safety testing, ensuring compliance with industry standards.
- Engineered a sustainable solution to reduce energy consumption and lower emissions, aligning with environmental conservation initiatives.

SERVLET BASED WEB APPLICATION

I developed a dynamic web application using Java Servlets, MySQL, CSS, and HTML. This project showcases my proficiency in web development and database management.

Key Features

- **Front-end Development**: Designed user interfaces using HTML for structure and CSS for styling to ensure an intuitive and visually appealing experience.
- **Back-end Logic**: Utilized Java Servlets to handle server-side operations, ensuring seamless data processing and application functionality.
- **Database Integration**: Implemented MySQL to manage the application's database, enabling efficient storage, retrieval, and manipulation of information.
- **CRUD Operations**: Implemented Create, Read, Update, and Delete operations to allow users to interact with and modify data within the application.
- GitHub Repository: https://github.com/YogeRoyal/servletproject

CERTIFICATIONS

- I hold a Java certification issued by Besant Technologies, showcasing proficiency in Java programming
- Certified in SQL by HackerRank, demonstrating proficiency in database querying and management.
- Certifications Linkbit.ly/490XYar

STRENGTHS

Attention to Detail, Time Management, Effective Communication,Adaptability
